OFFICE OF THE
REGISTRAR OF CO-OPERATIVE SOCIETIES
IN MYSORE.

Dated Bangalore, 18th February 1914.
19

From

M.A. Narayan Ayangar, Esq., B.A. B.L.,
Registrar of Co-operative Societies in Mysore
B a n g a l o r e.

To

C.S. Balasundaram Iyer, Esq., B.A.,
Secretary to the Government of His Highness the
Maharaja of Mysore, Departments of Education,
Agriculture, Industries & Commerce,
B a n g a l o r e.

Sir,

I have the honor to acknowledge the receipt of your office Memorandum No.Fl.3306/B.12-13-10 dated the 27th ultimo, forwarding for report a petition addressed to His Highness the Maharaja of Mysore by certain - residents of Belagur village, Hosadurga Taluk, praying that they may be permitted to open another Co-operative Society in their village for the use of the Agricultural Classes.

2. The chief reasons urged by the petitioners for - starting another Co-operative Society as contained in Para VI of the petition, are the non-elasticity of rules which are so framed as to suit only the merchant classes and the highhandedness of the merchants who form the - bulk of the members in conducting the transactions of

the

the Society. Both these reasons are unfounded, as the Society which was started at the place in July 1913 - after careful investigation of the necessity for such an institution, is seen to be doing satisfactory work. From a recent report of the Society, it is observed - that within the space of six months, as many as 102 - persons have joined the Society, 844 shares out of the authorised 1,000 shares of Rs.5/- each, have been - subscribed for, a sum of Rs.1,522-8-0 has been collected as share capital, loans aggregating to Rs.1571-8-0 have been issued and the total receipts and disbursements for the period were Rs.4,002-14-3 and Rs.3,975-4-0 respectivel

3. The above statistics shew that the management of the Society is good and that it bears hopeful signs of further development. The attraction of deposits of Rs.400/- from members and Rs.200/- from non-members is another proof of the popularity of the institution.

4. The Society has adopted the elastic model By-laws published by this office for the guidance of unlimited Societies and there is ample provision therein for all kinds of loans for all classes of people, of course with reasonable limitations. There is nothing in the By-laws prohibiting the agricultural classes from joining the Society and as a matter of fact many of the present members are agriculturists.

5. In this connection, I may mention that a similar petition was received in this office some time back making certain allegations against the existing managing members of the Society. Inspector,S. Venkataramiah who was - deputed to make the necessary enquiries submitted a report on the 14th of November last from which it appears that th village small as it is, is full of factious spirit and -

that it is undesirable to have more than one Co-operative Society at the place. A copy of his report is herewith forwarded for the information of the Government. The petitioners appear to belong to a strong faction opposed to the members of the present Society and it has been the policy of this Department to refuse applications for registering different Societies for different parties in the same village. The villagers generally submit to this strong handling after a time, make up their differences at least partially and join the single local Society, which makes for union and co-operation. And I have had such instances in several other places like Nagamangala, Chennapatna, etc. For these reasons I refused the registration of a different Society at Belagur, vide my endorsement of 24th November 1913 No.1690/K.C.S. enclosed to the petition under reference.

6. The enclosures received with the above are herewith returned.

I have the honor to be,

Sir,

Your most obedient servant,

R E G I S T R A R.

M e m o.

With reference to th
dated 2nd October 1913 fr
Hanumanthappa of Belagur,
begs to state as follows:-

1. The village of Belagur small and out of the way as it is, is divided against itself. The spirit of faction prevails in every inhabitant and in all his - actions, one wants to undo what another has done. It is this unwholesome rivalry that has led to the petition under reference.

2. There is no person by name Hanumanthappa in all the village or in the immediate neighbourhood. The Petition is evidently a pseudonymous one and seems to be the work of two mischief-mongers whose sole business has been to set men by their ears and take advantage of the situation. One of them is a member of the existing Co-operative Society and individually he is not in - favour of Venkataraya Chetty being the Secretary. In the course of the conversation with him, he betrayed himself to some extent. He went almost to the length of confessing that he was the ~~another~~ author of some of the - petitions. But he preferred to stand behind the screen and watch the results.

Similar petitions have been presented to the - Amildar also, who has recorded several statements from both parties and has been warning the wire-pullers, with a view to bring them to their senses without having recourse to legal measures.

3. It is for this very reason, that there has been an application from the other party, to have another

Society

Society for themselves. That it is not in the - interests of Co-operative Societies to have two rival societies in a small village, like Belagur with its 200 houses and a handful of inhabitants (nearly 1,500), is obvious enough and especially under circumstances brought to notice above, the establishment of another Society would only widen the breach as far as this - particular instance is concerned.

Besides, from reliable information gathered, it is learnt that one of the mischievous characters - referred to in para 2 above, has hit upon this plan to gain his own ends. His object seems to be to prevail upon persons of the other party, get into power when another society is established and appease his own thirst for money by handling it as he liked, when - collected in the shape of shares.

4. A word about the present Secretary Venkatraya Chetty. No doubt he came from Tarikere years ago as stated in the Petition, and he has almost domiciled himself to Belagur. Judging from local reports of his actions, he does not seem to be a man of character or of high personal dignity. He has his partisans and persons who would dance to his ~~times~~ tunes. Many of the points alleged in the petition seem to be true but mad much of for various personal reasons. Each party has grievances against the other, equally derogatory, and thus it is a problem as to which of them are to be given credit to.

5. (i) As far as the work of the present Co-operat Society is concerned, the very existence of the Societ seems to be due to the zeal and energy of the Secretar and his friends. He is young and enthusiastic and ha kept the accounts neat and up-to-date.

(ii) Though the Society was started in July last, there are 95 members on the roll and the collected - Share capital amounts to Rs.1,088/-. Fixed deposit of Rs.400/- has been attracted and loans to the extent of Rs.1,600/- have been given out. Out of 1,000 shares of Rs.5/- each, 834 have been held by members and the balance available is likely to be filled up in the course of a month.

(iii) Some of the members of the other party declare that they can enlist a large number of fresh members if the Secretary-ship is given to any other person. - But it is doubtful whether the present members would continue to hold their places and shares, without - complaint under such circumstances and whether the - present Secretary himself would not stand in the way of the progress of the Society and prove a dangerous - enemy thereof when he is thrown out of office.

(iv) Moreover, it would be very difficult to find a suitable Secretary if the present man has to be - changed. Persons who are capable of keeping the - accounts of the Society and who belong to neither - party are few or none at all.

(v) Besides, the complaint against the Secretary is not from the general body of the existing members who could themselves choose another Secretary if they liked. The proposal, if proposal it can be called, for a change of hands hinted at in the petition, is purely external and does not seem to have arisen from - internal necessity.

(vi) Considering the above state of affairs and the infancy of the existing Co-operative Society, the work turned out in such a short period of hardly four month is fairly satisfactory.

6. It is a question of time when the leaders of each party who are fostering dissensious among the villagers themselves, should be traced out and - measures calculated to remedy the evils resulting from their actions in respect of the Co-operative - movement, should be adopted. If the complainants could come out in broad day light, there would be substantial grounds to believe that the private - character of the present Secretary has materially affected their interests. But in the absence of this openness, the members of the present Society can only be advised to improve the tone of their Society by having a man of unblemished character, to guide them in the path of Co-operation.

Submitted.
